Re: Nextel Partners proposed telecommunications facility at the Kunia Park & Ride,
94-640 Kupuohi Street, Waipahu HI

Dear Merchant:

Nextel Partners is in the process of improving their service coverage for the Waipahu area of Oahu. After looking at many options, Nextel is interested the Kunia Park & Ride site located at 94-640 Kupuohi Street. Nextel is in the process of leasing a small portion of land from the owners of the Kunia Park & Ride and will be filing for zoning in the near future. This letter is to inform the community that we will be presenting our project at the next neighborhood board meeting which is scheduled to be held on May 25, 2006 at the Waipahu Cultural Garden located at 94-695 Waipahu St. Waipahu, HI 96797.

Nextel is proposing to erect an 80' free standing stealth monopole communications tower masked as a pine tree to keep the aesthetic nature of the surrounding environment pleasing to the eye. In addition, Nextel will be leasing additional ground space for the placement of a 12' x 18' prefabricated equipment shelter and back-up emergency generator.

Should you have any questions or concerns, please feel free to call me at 808-262-2578. I would be happy to address issues related to the project.

Very Respectfully,

Kimberley D. Rhoton
Zoning Specialist - WFI
